1. Introduction

This document (“these Terms”) sets out the terms on which Absolute Return Investment Advisers (ARIA) Limited (“ARIA”) agrees to provide the ARIA Investment Platform service (ARIA IP). This document contains our regulatory and statutory responsibilities. It also sets out some of your responsibilities. ARIA IP provides clearing and settlement, safe custody and other associated services to our customers. It is very important indeed that you understand our services, their scope and limitations. This document together with any other agreement or documents constitute the totality of your contract with us.

By signing your account opening documentation, you are agreeing to these Terms. Your signed account opening documentation incorporates these Terms and the ARIA IP Account Fee Schedule, which your Financial Adviser should have provided to you and which together constitute the legal contract between you and ARIA IP which comes into effect from the date that we accept your, completed account opening documentation, in issuing your confirmed account details in writing. Please note that these Terms and Conditions will be amended from time to time to accommodate changes to our service and the latest Regulations. We will provide you with due notice of such changes. They will not affect your rights to withdraw from the contract should you wish.

If you do not understand any point please ask us for further information. As with any agreement or contract, you should also take any independent legal or other advice which you think you need before accepting these Terms.

1.1 General Provisions

When you read these Terms, it is important you understand that you will be a client or customer of ARIA (“we” or “us”) who will use the ARIA Investment Platform (ARIA IP). The ARIA IP service is offered to financial advisers and their clients in order to manage investments – buying, selling and recording them in one place but within different tax wrappers where relevant. ARIA IP takes instructions from your Financial Adviser and carries out deals in the market. Please note that you or your Financial Adviser will make the investment decisions. You either give your Financial Adviser the authority to manage your investments and make decisions on what to buy or sell on your behalf, or retain responsibility for the decisions and give your Financial Adviser instructions each time you want him/her to deal. We will not provide advice to you or your Financial Adviser, and we will not therefore consider the suitability or appropriateness of any transactions which you enter into. You may exchange views with your Financial Adviser at any time but we are under no formal obligation to monitor your investments.

The ARIA IP Service is provided on an execution only basis. This means that you, and your Financial Adviser as your agent, are responsible for investment decisions and decisions on the use of any tax wrapper or products, and including all tax, legal, regulatory and accounting consequences of such decisions. We will simply implement the instructions of your Financial Adviser.

1.2 Limitation and Application

ARIA's obligations to you are limited to those set out in these Terms. Any failure by ARIA (whether on an ongoing basis or not) to insist on strict compliance with any of these Terms is not deemed to amount to ARIA giving up or waiving any of its rights or remedies under them. The rights and remedies conferred on ARIA will be cumulative and the exercise of waiver of any part of them will not stop or inhibit the exercising by ARIA of any

other additional rights and remedies. These Terms will apply to each account on ARIA IP. These Terms will also apply to and be binding on any person exercising any power of appointment or delegated power (including without limitation the exercise of any discretion, permission or consent) delegated by you.

1.3 Liability and Indemnity

Neither ARIA, nor any of its directors, employees or agents, shall be liable for any loss or damage sustained by you as a direct or indirect result of the provision by ARIA of its services, save for that nothing in these terms shall exclude or restrict any liability of ARIA resulting from the negligence, fraud or wilful default of ARIA or any contravention by ARIA of the FCA Rules. ARIA shall not, in any event, be liable for any indirect or consequential loss (including any loss of profit), or for any losses that arise from any damage to your business or reputation. ARIA shall not have any liability for a circumstance or failure to provide any of the services if such circumstance or failure results wholly or partly from any event or state of affairs beyond ARIA's reasonable control (including, without limitation, any failure of communication, settlement, computer or accounting system or equipment, any failure or interruption in the supply of data, any political crisis or terrorist action, the suspension or limitation of trading by any exchange or clearing house or any fire, pandemics, flood or other natural disaster) and, in such circumstances, any of ARIA's obligations shall be suspended pending resolution of the event or state of affairs in question. Furthermore we shall not be liable for any losses you incur if we fail, interrupt or delay in performing our obligations under this agreement in order to avoid damage to ARIA employees, property or reputation. The provisions of this clause shall continue to apply notwithstanding the fact that we cease to provide services and shall be in addition to any other right of indemnity or claim of any indemnified person whether pursuant to these Terms or otherwise and shall not be affected by any forbearance, whether as to payment, time, performance or otherwise.

This is necessary because your first instruction may have been received, and actioned, and if you repeat the instruction the same order may be actioned twice. In this event you will be liable for both orders.

3.8. You or your Adviser may be able to cancel an unexecuted order. However, deals shown to be pending on ARIA IP are not real time as there is a slight delay between the order being executed and it then being removed from the list of pending deals. Therefore, if an order is pending and your Adviser instructs us to cancel that order, if it has already been executed by us, then they will not be able to cancel the instruction as it will be placed with the Fund Manager. 5.1. If you change Advisers you must notify ARIA immediately. Any new Adviser appointed by you must sign Terms of Business with us before we will allow them to manage your Account via ARIA IP. We retain the right to decline any application from any Adviser for any reason and at our sole discretion.

5.2. You should note that ARIA does not offer the ARIA IP service to all financial advisers and as such there may be an additional fee payable, in line with Section 4, Clause 2.5, and the ARIA IP Charges Schedule. If you change your Adviser, we need

We retain the right to decline any application from any firm for any reason and at our sole discretion.

5.5. Non-advised Customers Where you do not have a relationship with an Adviser, we will treat you as a Non-Advised Customer.

5.6. You acknowledge that if you appoint an External Adviser, ARIA will have no direct contractual relationship with that External Adviser, and the External Adviser will have no access to ARIA IP. We will require your explicit authorisation to accept instructions from them and to disclose your personal information to them in their capacity as your Adviser.

6. Vulnerable Clients

ARIA IP has a duty and a commitment to treat all of our Customers fairly as individuals, and in the case of Vulnerable Customers this may require a tailored approach. We have a policy in place to ensure that Vulnerable Customers are treated fairly and that we are able to be flexible in our responses, to ensure the best Customer outcome in all cases.

7. Account Funding

7.1. Clear Customer details including your ARIA IP Account number must be provided in order for us to allocate Cash receipts in a timely manner. Where you have provided all of the details required to allocate funds, funding will be applied to your Account within 5 business days, however, failure to provide these may result in a delay to the investment or the Cash being returned.

7.2. All payments submitted for business must be from your personal bank account or your Adviser's Client Money bank account or your Third Party Product Account provider's bank account. We are unable to accept payments from other third parties.

7.3. As a result of UK Anti-Money Laundering Regulations, additional documentation may be required in order to verify your identity or the source of your wealth and/or funds, either by Third-Party Product Account providers or by ARIA at our sole discretion. 8.7. Instructions to pay Cash or transfer Assets away from the Joint Account must be in writing signed by all Account holders.

8.8. Payments out will be made in the name of the Primary Holder.

8.9. The surviving Account holder(s) will be required to complete a new Account Application whereby a new Account number will be issued.

8.10. The Primary Holder is liable for any debts, fees or legal responsibilities for the Account. Power of Attorney Protection Orders will be accepted if evidenced by appropriate documentation.

9. Legal Entity Identifier(s) (LEIs)

9.1. LEIs are required for all legal entities. LEIs can be obtained from the London Stock Exchange: www2.londonstockexchange.com/register-for-lei

9.2. Once you have obtained an LEI it is your responsibility to ensure that your subscription is renewed annually in advance of its expiration date. Failure to do this may lead to your Account ceasing to operate fully. Should there be any losses incurred as a result of such a failure ARIA IP will accept no liability.

9.3. Please contact your Adviser should you require any further information on LEIs.

10. Cash And Client Money

10.1. ARIA IP Customer Money Bank Accounts are designated as client money trust accounts as defined by the Regulations. All Client account money is segregated from monies belonging to ARIA IP.

10.2. You will receive the interest on your GBP Currency balance held in the SEI Customer Money Bank Account received at a rate of 0.50% below Bank of England Base Rate, where this results in a negative rate SEI will not charge interest and the rate will be nil. No interest will be earned on money held in foreign currencies. It is important to note that the client record keeping system automatically calculates the rate of interest earned based on the rate above, however, from time to time, there will be minimal difference between the interest earned at the Bank and the interest paid to you and the custodian will retain this difference. We are happy to provide further details of this process upon request.

10.3. Interest on Cash deposits held will be credited to your Account on a gross basis. You will be responsible for including any interest in your annual tax return and making any higher tax rate payment if appropriate.

10.4. Some Fund Managers will only accept Fund purchases or sales to the nearest whole unit or share. In such circumstances there may be small residual amounts of Cash which will be retained within your Account. If through the automated Strategy Portfolio transactions on the system a trade is too small and rejected in the market, ARIA IP will notify your Adviser and rely on them to take appropriate action.

10.5. You are required to maintain at least 2% of all Assets held in each Portfolio in the form of Cash to meet charges, Adviser remuneration and withdrawals. Where insufficient Cash is held to cover such charges and withdrawals, ARIA IP may raise Cash in accordance with the Portfolio Strategy if applicable or may require your Adviser to raise Cash.

10.6. ARIA will deduct charges and other remuneration detailed in the ARIA IP Charges Schedule from the Portfolio in which the Asset(s) generating the charges and other remuneration are held unless, subject to Wrapper-specific restrictions, you or your Adviser has instructed us to apply such charges to another Account or Portfolio.

10.7. For a detailed description of the charging process outlined above, please refer to the ARIA IP Charges Section and applicable Fee Schedule for more information.

10.8. Your Cash and Securities are always held separately from our company assets and from the assets of those with whom we place the Cash and Securities. As such, should ARIA IP fail financially, your Cash and Assets will remain yours and any administrator will be obliged to return them to you as part of the wind down process.

10.9. Should our nominee Bank (currently HSBC) fail financially, your Cash is segregated and you would legally be able to recover your Cash from the Banks and/or administrator up to the deposit protection limit for depositor guarantee schemes, currently set at £85,000.

10.10. Should your Fund Manager fail financially, as long as you have selected one covered by the UK FSCS, your investments remain covered at current FSCS rates also. Please refer to the relevant Fund prospectus to establish whether a specific Fund is covered by the FSCS.

11. Account Maintenance

11.1. If there has been no movement in your Account for a period of at least six years, including any payments on account of charges, interest or similar items, we will write to you and your Adviser at your last known addresses informing you of our intention to treat your Account as "lost".

11.2. If we do not receive a reply from this last known address we will classify your Account as "lost". We will still pay what is due to you if you subsequently claim payment, but it is not good practice to send statements and other material to an out-of-date address, where someone other than you could try to access the Account or use the correspondence for other fraudulent purposes.

11.3. Should any of your details change (e.g. address, bank account, Adviser) you must inform us immediately by means of a signed letter.

12. Customer Asset Protection

12.1. We keep all Customer Assets separate from our own assets and these are held under safe custody with our Nominee Custodian, SEI Investment (Europe) Limited. Legal title to all Assets is registered in the name of the Nominee.

12.2. We register Securities in the name of our Nominee. Subject to the Regulations, by opening an ARIA IP account you authorise Fusion Wealth as agent to direct and instruct the Nominee to discharge our responsibilities under these Terms and Conditions.

The Custody Agent is responsible for the acts and omissions of the Nominee. The Nominee is not an authorised person under the Financial Services and Markets Act 2000; it can only hold Securities and does not carry on business in its own right.

13. Securities On The ARIA Investment Platform

13.1. ARIA IP reserves the right to add and remove Securities from the ARIA IP. We may do this for a number of reasons that include, but are not limited to, Securities becoming delisted from the Market, Securities changing their tax status or Securities becoming disallowed from an ISA regime.

13.2. ARIA IP may, in its absolute discretion, refuse to accept any orders or other instruction for your Account(s). We will always advise you of this decision and the reason for it unless precluded from doing so due to legal or regulatory constraints.

13.3. The presence of a Security on the ARIA IP does not imply an endorsement by ARIA IP of that Security. ARIA IP does not give advice about the suitability of a Security for investment to anyone at any time. Selection of a Security is the whole responsibility and risk of you and/ or your Adviser.

13.4. ARIA IP has a limited due diligence policy on the Securities admitted to ARIA IP. The presence of a security on ARIA IP must not be taken as an audit or endorsement of any fund, investment or Security on ARIA IP.

13.5. Some Securities on the platform are dual priced. The price that we trade at for these Securities fluctuates between the stated values and may be different to the price as listed on the funds list. It is your responsibility to research the pricing of any Securities you select.

13.6. Some Securities on the platform will have initial charges, or bid-offer spreads. We are responsible for advising you or your Adviser of any such charges, and you accept you and your Adviser will have reviewed all relevant documentation and literature to any specific Security invested before having done so.

14. Investments

14.1. The purchase of Securities within ARIA IP is undertaken only on the instructions of your Adviser on your behalf. All instructions will be actioned by ARIA IP on an execution only basis.

14.2. When selecting a fund to invest in, you must read and understand the detailed information provided by the Fund Manager about that fund(s) or Portfolio Strategies, or Discretionary Fund Management portfolios, before you proceed to invest.

14.3. You must have sufficient Cash available in your Account in order for a trade to be executed on your behalf. Transactions will only be settled by cash held within your Account.

14.4. ARIA IP will not deal in suspended Securities, options, or accept short positions and it will not undertake stock lending. You agree that your Adviser and/or Discretionary Fund Manager appointed by you is duly authorised to provide ARIA IP with investment instructions on your behalf and that the Adviser and/or Discretionary Fund Manager is, where appropriate, authorised to provide such instructions under the Regulations. Specifically,

you will only permit your Adviser and/or Discretionary Fund Manager to place orders on your behalf without express

agreement to each deal where an appropriate Discretionary Fund Management Agreement is in place as required by the FCA.

14.5. Where you have agreed that your Adviser can place orders via your Account and/or a discretionary investment management agreement exists between you and your Adviser and/or Discretionary Fund Manager, ARIA will not be responsible for deals executed by your Adviser or DFM which have been made without your explicit authority.

14.6. Where a discretionary investment management investment management agreement with a Nominated Intermediary is in place, you authorize ARIA IP to pass personal information about you and your Account to the Nominated Intermediary as applicable in order for them to provide appropriate investment advice or discretionary investment management services.

14.7. Where you have appointed a Third Party DFM, we reserve the right to add dealing charges.

14.8. ARIA does not currently support trading in non-electronic Securities. In the event that a DFM attempted to purchase such a Security within a Strategy we would be unable to execute this trade and we would not be held liable for any losses or costs incurred as a result. ARIA does not currently support trading in non-electronic Securities.

14.9. We will not take instructions for Stop Loss or Limit Orders.

14.10. Some Fund Managers may automatically correct pricing errors on their behalf and not inform ARIA IP if it is below 0.5% of the fund value. There may be some occasions when you redeem at the erroneous price and the Fund Manager will not correct the price.

14.11. Some orders may be aggregated, and a bulked deal placed with the market.. Please see our Best Execution Policy for more information.

14.12. Contract Notes will be issued automatically for Execution Only and Advisory Accounts. For Discretionary Accounts, Contract Notes will not be automatically issued. Should you require a Contract Note for a transaction on your Discretionary Account, this can be requested from us via your Adviser. Contract Notes will also be stored on your Account on the ARIA IP. You may request a copy from your Adviser. For Joint Accounts the Contract Note will always be stored in the name of the first Account holder. Additional copies can be sent on your specific instruction and an additional charge will apply. Please see the ARIA IP Charges Schedule for more information.

14.13. We reserve the right to cancel a transaction without notice where we believe there is sufficient justification. This may include circumstances where we are requested to do so by our counter party or the relevant Exchange, or where we believe you have submitted duplicate or repeated instructions to take advantage of any market limitations or restrictions, or where the transaction may be unlawful, unreasonable or where you may not be acting in good faith. We will not be liable for any loss or expense you incur as a result of the cancellation of a transaction in such circumstances. If multiple trades are processed we will apply charges separately to each deal.

14.14. Levels of trading are actively monitored and we may refuse to accept instructions from or on behalf of anyone who is considered to have a history of short-term or excessive trading

or whose trading has been disruptive.

14.15. In instances where a payment to your Account is unpaid for any reason, we will not be liable for any loss that you may incur as a result.

14.16. You are not permitted to trade to take advantage of Market Timing. You authorise us to discuss suspected Market Timing activity with Fund Managers and their Advisers.

14.17. The ARIA IP Service is not available to US Persons opening anything other than TPPA's and we reserve the right to refuse an application if the criteria are not met at the time of Application. You confirm that you will notify ARIA IP if you are a US Person when opening an account and if you become a US person at point after opening an account.

15. Errors And Corrections

15.1. Where a processing error is noticed and requires correction by ARIA IP, we will take the steps necessary to amend the Account as required. This will typically be to amend the holdings so that the original request or instruction is applied as if done from outset. Redress will be considered if ARIA IP is deemed responsible for any losses suffered and this will be paid by crediting the Account. Where an error results in a financial gain, the Account will continue to be corrected back to the intended position and gains will be retained by ARIA IP.

15.2. Details of corrective action will be provided to your Adviser or Discretionary Fund Manager . ARIA IP will not be deemed responsible for losses suffered if we have acted in good faith according to instructions given. Where any ambiguity is apparent, or instructions are incomplete or provided by an unauthorised individual or are received via an unacceptable medium, ARIA IP will not accept any liability.

16. Portfolio Strategies

The following terms will apply to the Portfolio Strategies on ARIA IP:

16.1. Investment Approach: The portfolios will consist of the following types of investment: Unit Trusts, Open Ended Investment Companies and other Mutual Funds, Exchange Traded Funds or Shares in collective vehicles listed on the London Stock Exchange, traded on Alternative Investment Market or any other recognised or designated investment exchange.

16.2. Cash or Cash funds: You understand that each portfolio will reflect a Portfolio Strategy constructed in our opinion to meet a chosen risk profile.

16.3. The actual investments acquired and the proportions held will be derived from this Portfolio Strategy. This means that those customers with the same investment acceptance of risk will generally hold the same investments in the same proportions, other than some variation in proportions due to timing issues and movements in prices. A Portfolio Strategy is a portfolio made up of investments in the proportion that we believe will deliver the required investment exposure in line with your chosen risk profile. This means that when you place new money into the Service, purchases of investments will be undertaken in line with the target Portfolio Strategy allocation. Please note that may mean that not all of any subsequent subscription is invested into investments, as the 'cash allocation' within the Portfolio Strategy is below targeted allocation.

16.4. Occasionally, shortly afterwards, our research and screening process may register that an investment should be removed from the Portfolio Strategy. Consequently, a recently acquired investment may be sold. ARIA will have absolute

discretion over any decisions in relation to corporate actions that may occur on assets within your Portfolio Strategy.

16.5. Any performance level or benchmark which we may use as a measure of performance in relation to any particular portfolio is set only as an illustration or non-binding indication of our performance and is not a representation or warranty that the performance level or benchmark selected will be achieved.

16.6. Risk Parameters: ARIA will use best endeavours to manage your Portfolio Strategy in accordance with your selected risk profile. Risk and performance will be considered on the basis of the Portfolio Strategy as a whole and not each individual investment in the Portfolio Strategy. Although we will exercise reasonable skill, care and diligence in attempting in managing your portfolio in accordance with a given risk profile, we would remind you that carrying out investment activities is not risk free even where investments are presented as "Low Risk Investments" and would particularly bring to your attention that portfolio values, and the income produced by them, may fall as well as rise and that you may not get back what you have invested. Furthermore, past performance is not a guide to future returns. Higher volatility funds may be subject to sudden and large falls in value and your capital is at risk. The law regarding Investments may be subject to change and you should be aware that circumstances and benefits may change due to Governmental Practice and Policy. Whilst absolute return investing targets returns which offer lower volatility, you recognise and accept that this may involve more sophisticated investment techniques and returns are not guaranteed nor is it guaranteed that those returns ultimately realised will be of lower volatility than might be expected of a given risk profile.

16.7. Restrictions on types of investment: This service does not provide the opportunity for you to be able to state restrictions on what or where the assets are invested – this is the nature of a Portfolio Strategy service. If you wish to have more involvement in investment selection, you would need to consider an Execution Only service.

16.8. Personal Taxation: Taxation is personal, complex and subject to change. ARIA accepts no liability for the tax consequences of advice provided or stemming from actions undertaken on discretionary managed accounts. Your capital gains tax position will NOT be considered by ARIA in the course of providing the Portfolio Strategy Service. ARIA will not be liable for any taxation on gains created as a result of rebalancing your portfolio. You must tell us without delay of any change to your residency or citizenship status. You must also provide any information concerning your identity or affairs that we may from time to time reasonably request. If we believe you are required to report your income or may be subject to tax in another country, it may be obligatory for us to share information about your Account(s) with the UK's and/or other countries' tax authorities. In such circumstances we may be required to disclose this information about your Account(s) either directly to the respective overseas tax authority or to the UK's tax authority who may share that information with the appropriate overseas tax authorities. To facilitate any such reporting we may request additional information from you. If you do not provide any requested information within a reasonable time or within any stated deadline, we may be obliged by the law and/or regulations governing us to withhold all or parts of any specified receipts into your account. Any withheld amounts may have to be passed on to the UK's or relevant overseas tax authorities. We will only do this where we believe, in our absolute discretion, that we are required to do so by our governing laws and/or regulations.

16.9. Charges to Portfolio Strategies will include re-balancing and re-aligning portfolios, maintaining the cash balance and

managing the investment methodology, all of which may result in changes to the investments you hold.

16.10. Our charges will be applicable in the event of your not having an Adviser and will be subject to future change by notification in writing. Please refer to the ARIA IP Charges section and applicable Fee Schedule.

16.11. You warrant to notify us immediately if there is any material change to your circumstances that would affect your attitude to risk or eligibility to access the products or funds held.

16.12. You confirm that you have taken independent financial advice in relation to the suitability and appropriateness of the service and/or any investments within our Portfolio Strategies for your investment needs. We do not carry out any assessment on the suitability or appropriateness of the service for you.

16.13. Where ARIA IP offers access to Portfolio Strategies that are advised by our Investment Research Partners, we are not responsible for the selection of the underlying investments. We accept no responsibility for the performance or any suitability or appropriateness of Portfolio Strategies advised by Investment Research Partners. For the avoidance of doubt, we do not offer any warranty or undertaking that is given by us as to the performance or profitability of the Portfolio Strategies, or any investments, cash or other property forming part of, or constituting, the Portfolio Strategies, offered by ARIA IP, Third Party DFMs, or Investment Research Partners.

16.14. In the event that you cease the services of an investment adviser, we reserve the right to terminate the provision of the service or charge an additional fee as per the ARIA IP Terms and Conditions.

16.15. We recognise that your investment objectives may change from time to time. Subject to you notifying us in writing at any time of your desire to change your risk profile, and subject to any periodical review, the risk profile in the Application is considered by you to be fair and reasonable based on the information provided to us. Any change in risk profile needs to be provided in writing and we may require further information from you and/or your Financial Adviser before any change is implemented.

16.16. You agree to provide us with full discretion to make purchases and sales of investments in any market on your behalf as your agent, and otherwise act at our discretion in accordance with the Portfolio Strategy selected, and charges as detailed within the relevant fee schedule will be applied.

16.17. You agree to keep the Account funded with a minimum of £15,000 or currency equivalent. In the event that the figure falls below that amount we may, in our discretion, cease to provide you with our Portfolio Strategy service as the size of account is no longer suitable for such a service. We have a range of risk profiled single strategy portfolio which we have full discretion to change the account to in the event that the level of assets falls below £15,000. In doing so we will ensure that the single strategy portfolio matches the risk profile selected by you.

16.18. You are aware that within our Portfolio Strategy there shall be no restriction on the amount invested in any one investment, or on the proportion of the portfolio in any one investment, or on any particular type of investment, or currency, or on the markets on which transactions are effected. You are also aware that our Portfolio Strategy may use our own internal funds, and as a result we may earn a fee from such investments, including performance fees.

16.19. Your portfolio may be subject to a Redemption Penalty

in the event that an Authorised Distribution Fee, or a deferred commission or deferred sales charge or fee is paid to your Financial Adviser, and the portfolio is within the Redemption Penalty Period. Such commission or fee will only be paid to an adviser on receipt of a signed fee schedule which we will treat as your confirmation of the deferred commission or sales charge to be paid. Please refer to the relevant Fee Schedule or Latitude Terms & Conditions for more information.

17. Fees, Charges And Expenses

17.1. Our fees and charges are set out in the ARIA IP Charges section and applicable Fee Schedule. Should our charges change, we will contact you or your Adviser at the earliest opportunity. This will not affect any of your rights to withdraw from the contract.

17.2. Where instructed to do so, we will make remuneration payments to your Adviser which he/she should disclose to you. Please see Section 'Your Agreement with your Financial Adviser' for more details, including Authorised Distribution Fees.

17.3. Charges will be taken from your Account as soon as Cash is available on your Account to pay them.

17.4. If there is insufficient Cash in the Account or Portfolio we reserve the right to sell Securities to cover the fees. Even if that may incur liquidity fees or redemption penalties. Investments in Portfolio Strategies will be sold subject to overweight holdings to minimise the impact on your overall investment strategy. Where there is no Portfolio Strategy assigned to an Account or Portfolio, Units/stock will be sold from the largest holding(s) where possible to ensure trading expenses are minimised. Further details of the logic applied to asset disposal for funding Account charges is available on request from your Adviser. No consent is required from you to sell Assets within your Account to fund charges

17.5. Fees paid on your trades will be disclosed to you on the Contract Note made available after each transaction within an Advisory or Execution-Only Account or on quarterly Valuation Statements for Portfolio Strategy Accounts. Other charges will be shown on your Valuation Statements.

17.6. The Fund Manager of each Fund in your Account may receive an initial charge, an Annual Management Charge and other fees. Charges or expenses properly payable to them are usually paid out of the assets of that Fund.

17.7. Any third-parties involved in the management of your Account may also receive fees, charges and expenses for example, Third-Party Product Account providers or Discretionary Fund Managers.

17.8. All ARIA IP, Adviser and/or Third-party charges and remuneration which we have deducted will be reflected on your quarterly Valuation Statement every quarter. There may be extra charges for services that have been agreed with you about which we are unaware.

You are advised to consult your Adviser or Third-Party Product Account provider to understand your full charges and fees.

17.9. Occasionally a sale of an investment will need to be adjusted after a trade has been executed. For example, a Fund Manager may apply a Dilution Levy to the withdrawal from a Fund. This is a re-calculation of the impact of that sale on the overall value of a Fund. Under these conditions, we will contact you or your Adviser to explain any such further charges being applied.

17.10. We place any Cash you hold with us with HSBC, a panel

of Banks and other regulated deposit takers to gain interest on your behalf. We reserve the right to take a margin on that interest. Please refer to Section Cash and Customer Money for more information.

If you wish to invest in an instrument that we consider, at our discretion, to be a complex instrument (designated as 'complex financial instruments' under the FCA's Conduct of Business Rules), we may require your Adviser to make a declaration stating that they have undertaken the necessary appropriateness assessment and deem the instrument to be appropriate for you.

Notes – ARIA Investment Platform Charges

Annual Charge: The annual custody agent fee and platform charge is deducted monthly in arrears. For those clients that do not have an adviser to act on its behalf an additional 0.50% of the assets under administration will be charged to the client account until a new adviser is registered on the platform. Please note that these charges do not apply to Non Custody Assets (such as life and pension policies, property and antiques)

Initial Charges & Transfers: Initial transfers of cash to the Wrap platform will not attract a charge other than those imposed by any third party (please refer to the product providers' terms and conditions).

Fund Switches: A fund switch, including that between two funds provided by the same Fund Manager, is processed as a sale and a purchase, therefore incurring two dealing charges.

Exchange Traded Instruments: These are any financial instruments that are traded on an exchange such as equities, ETFs, corporate bonds and investment trusts.

Notes – Other

Fund Manager Rebates: ARIA IP may receive a rebate from fund managers for centralising and bulking the trading of their funds. Please note that any Fund Manager rebates received will be passed to the cash component of your account.

Cash: Cleared cash in each separate account is credited with interest. ARIA IP intends to maintain cash interest rate differentials to base rate and will normally update interest rates within one week of any base rate change. ARIA IP may sometimes make a margin on the cash held on the platform.

Minimum Cash Balances: In order to pay your Adviser, ARIA IP and any Third party transaction or account fees, the client must maintain at least 2% of the portfolio value as a cash balance in all wrappers subject to a minimum of £50 in total across all accounts. It will be the Adviser's responsibility to ensure that the minimum cash balance is maintained. Should there be insufficient cash to meet the charges ARIA IP will sell investments to pay these charges, even if this incurs redemption

penalties or liquidity fees. Sufficient cash will be raised to settle the outstanding charges, therefore please ensure the account is always funded with the minimum amount. Normal dealing charges will apply.

Income: Where a client has elected to take income payments from their account, it will be the Adviser's responsibility to ensure sufficient cash is available to meet the regular payments to the client. The Adviser will be expected to establish sufficient free cash in the client's account on an annual basis to cover all payments for the coming year. Should this not be the case and there is insufficient cash to meet any income drawdown payments when due, ARIA IP will sell sufficient client assets.

VAT: Most charges are VAT exempt but this may be subject to change by HM Revenue & Customs. Ad Hoc Service charges are normally subject to VAT at the prevailing rate. Some Product (Tax Wrapper) charges are also subject to VAT. This is usually the case for SIPP charges. Discretionary Services fees are subject to VAT where applicable.

UK Taxes: ARIA IP Account charges are exclusive of any UK taxes unless otherwise stated.

Adviser Charges: Adviser Charges will be detailed on the Client Application and the applicable Fee Schedule. These charges are shown in the valuation statement to the client and charged separately.

Future Changes: ARIA IP reserves the right to vary its charges upon giving 30 days notice to you and your Adviser.

Other Charges: Other charges may be arranged between a client and their Adviser and are not shown in this document. Any such charges will be detailed on the Applicable Fee schedule.

7. Asset Custody – Terms and conditions for Custody Services with SEI

The Terms and Conditions in this section describe your custody relationship with SEI Investments Limited and forms the custody terms you have with them. Where they are in conflict with other

areas then this section will take priority. Please note ARIA IP reserves the right to terminate either the relationship with the Custodian or Custody Agent, giving 60 day's written notice, before making appropriate alternative custody arrangements on your behalf.

This section contains certain information that SEI Investments (Europe) Ltd ("SEI") is required to provide to you in its role as administrator and custodian of the investments and money held in your ARIA IP account.

Please read this section carefully prior to signing the ARIA IP Agreement and contact your financial adviser if you have any questions. Nothing in these Terms will override SEI's obligations under the FCA rules.

Interpretation and Defined Expressions The Custodian's duties and responsibilities are those expressly set out in this Section 7 and are limited to those set out in this Section 7 unless agreed otherwise in writing. The headings in this Section 7 are only for convenience and do not affect its meaning. The singular shall include the plural and vice versa.

Background: ARIA IP provides investment services to you, its Customers (each a "Customer"); and in the provision of these services Fusion Wealth Ltd is the Custody Agent (the "Investment Service Provider") who has appointed SEI Investments (Europe) Limited ("SEI") to provide dealing and custody services for this purpose, on the basis that SEI will be directly responsible to each Customer for the custody services.

These Terms set out the basis on which SEI agrees to provide custody services to the Customers, and constitute a separate legal agreement between SEI and each Customer.

The table at the end of these Terms sets out various expressions used with special meanings in these Terms and the meaning attributable to each of them. These expressions are used with capital letters in these Terms.

Appointment: These Terms take effect between the Custodian and a particular Customer from the point where the Custodian first receives Customer Assets and/or Customer Money to hold on behalf of that Customer.

These Terms will continue to apply in relation to a particular Customer until terminated in accordance with paragraph below titled 'Termination'.

The Custodian will act on instructions from the Fusion Wealth, as agent for the Customer, in providing its services under these Terms.

Where the consent of the Customer is required in order to provide certain services under these Terms, Fusion Wealth via ARIA IP will explain the position to the Customer and obtain the necessary consent. The Customer will have provided Fusion Wealth with such consent when signing terms of business with ARIA IP.

Responsibilities of the Custodian: The Custodian will provide the following services (the "Services"):

- holding all Customer Assets or arranging for them to be held in safe custody;
- collecting all distributions and other entitlements arising from Customer Assets and accounting for them to the Customer;
- settling transactions to acquire or dispose of Customer Assets on the instructions of Fusion Wealth and using funds provided for the purpose by the Customer;
- informing the Customer or Fusion Wealth of Corporate Actions and other events affecting Customer Assets;
- holding money on behalf of the Customer where required for the purpose of providing the above Services; and
- transferring all Customer Assets and Customer Money held on behalf of the Customer to the Customer or as the Customer or Fusion Wealth may direct on termination of the appointment pursuant to this Section 7.17.

The Services will not include advising on or managing investments or executing transactions, which will be the responsibility of the Intermediary.

The Custodian will use reasonable care and due diligence in providing the Services. The Custodian will comply with the

FCA rules that apply to it as holder of Customer Assets and Customer Money. Nothing in these Terms will override SEI's obligations under the FCA Rules.

The Custodian will settle all transactions undertaken by it subject to the Custodian holding or receiving all necessary documents or funds and will do so on such basis as is good market practice for the type of Securities and market concerned and normally on the basis of "delivery-versus-payment" ("DVP"). In respect of transactions that the Custodian settles for the Customer on a DVP basis through a commercial settlement system the Custodian will use the DVP exemption in the FCA Rules excluding cash and securities from Customer Money and Customer Assets respectively. In the event that the Custodian is not able to rely on the DVP exemption (for example because settlement has not occurred by the close of business on the third business day following payment or delivery by the Customer), the Custodian will treat cash and Securities held for the Customer in accordance with the FCA Rules. The Custodian's obligation to account Securities will be conditional upon receipt by the Custodian of the relevant documents or sale proceeds.

Responsibilities of the Customer: The Customer is responsible for ensuring that all of the Customer Assets are, at all times when they are held in the custody or under the control of Custodian, free from any rights in favour of any third party (including but not limited to rights of security granted to a creditor or beneficial interests under a trust), except for:

- a. Rights in favour of the Custodian, any third party engaged by the Custodian under this Section 7.
- b. Rights of beneficiaries under an express trust that are notified to and acknowledged by the Custodian; and
- c. Rights in favour of a third party arising in the normal course of a transaction settled by the Custodian pursuant to these Terms.

The Customer will pay or will reimburse the Custodian for any liability to a third party which the Custodian may suffer or incur as a result of a breach of these Terms by the Customer, except if and to the extent that the relevant expenses or liabilities arise from any negligence or breach of duty or this Section 7 by the Custodian.

The Customer shall deliver to the Custodian or the Investment Service Provider any necessary documentation to ensure the timely processing of Securities transactions as the Custodian may reasonably require.

The payment of cash or release or delivery of Securities shall be made upon receipt of instructions where relevant, and (i) in accordance with the customary or established practices and procedures in the relevant jurisdiction or market or (ii) in the case of a sale or purchase made through a Securities System, in accordance with the rule, regulation and conditions governing the operation of the Securities System.

The Custodian and its sub-custodians shall not be obliged to accept Securities under these Terms which in the opinion of the Custodian are not in good deliverable form. The Custodian is not responsible for checking or otherwise responsible for the title or entitlement to, validity or genuineness, including good deliverable form, of any property or evidence of title to property received by the Custodian under this Section 7.

Holding and Registration of Investments: The Customer authorises the Custodian to arrange for title to Customer Assets to be registered or recorded in the name of: (i) the Customer (ii) a nominee company controlled by the Custodian, an affiliated

company of the Custodian, or a third party with whom financial instruments are deposited as bare trustee for each Customer, or (iii) the Custodian or one or more sub-custodians chosen by it, provided the Custodian or sub-custodian is prevented from registering or recording legal title as set out in (i) or (ii).

Customer Assets may be held in omnibus accounts and be registered collectively in the same name for all Customers and therefore the individual entitlements of each Customer may not be identifiable by separate certificates or other physical documents of title. If the Custodian were to become insolvent, any shortfall in securities so registered would be shared pro rata among all of the Custodian's customers concerned.

Where instructed to do so, or where the Custodian considers it in the best interests of the Customer to do so, the Custodian may arrange for a third party to provide custody and/or settlement services in relation to certain Customer Assets. Where the third party is an Affiliate of the Custodian, the Custodian will be responsible for the service provided by the third party to the same extent as if the service had been provided by the Custodian itself.

Where services are provided by a third party which is not an Affiliate of the Custodian, the Custodian will exercise reasonable care and due diligence in selecting them and monitoring their performance, but does not guarantee proper performance by the third party and will not itself be responsible if the third party fails to meet its obligations. This means that if the third party defaults or becomes insolvent, the Customer may lose some or all of their assets and will not necessarily be entitled to compensation from the Custodian, including, in circumstances where it is not possible under the relevant national law and the registration under paragraph titled Holding and Registration of Investments to identify the Customer Assets from the proprietary assets of the third party firm.

Where the Custodian provides services in respect of Securities which are held by a third party in, or which are subject to the law or market practice of, a country outside the United Kingdom, the settlement, legal and regulatory requirements in the relevant overseas jurisdiction may be different from those in the United Kingdom and there may be different practices for the separate identification of securities.

The Custodian is covered by the Financial Services Compensation Scheme (FSCS). The Customer may be entitled to compensation from the scheme up to a maximum of £50,000 (or such other value covered from time to time by the FSCS) for investment claims if the Custodian cannot meet its obligations.

Further information about compensation arrangements is available from the FSCS directly.

Right of Lien Sale, Set Off and Unclaimed Assets:

The Customer hereby grants the Custodian a security interest in and a lien on any Customer Asset and Customer Money to facilitate the clearing and settlement of transactions and for debts related to the provision of Services under this Section 7. The Customer further agrees to grant a security interest to third parties over Customer Assets in order to recover debts where the debts relate to (i) the Customer and (ii) the provision of service by that third party to the Customer.

The Custodian may divest itself of unclaimed Customer Assets in accordance with the requirements as set out in FCA Rules. Under the FCA Rules SEI the Custodian may either (i) liquidate an unclaimed Customer Asset it holds, at market value, and pay away the proceeds or (ii) pay away an unclaimed Customer Asset it holds, in either case, to a registered charity of its choice provided it has held that Customer Asset for at least 12 years and in the 12 years preceding the divestment of that Customer Asset it has not received instructions relating to any Customer Asset from or on behalf of the Customer concerned; and it has taken reasonable steps to trace the Customer concerned.

Customer Money: Subject to the following paragraphs, the Custodian will hold Customer Money in one or more of its client bank accounts with one or more deposit takers in accordance with the FCA Rules. The Custodian will pay credit interest to the Customer on sterling balances in accordance with the rate of interest disclosed to the Customer in the custody statement by the Custodian. The current interest rate formula used by the Custodian to calculate the rate of interest is also available on the Custodian's website: www.seic.com/enUK/about.htm. The Custodian will not pay any credit interest on balances in any other currency.

The Customer acknowledges and agrees that where the rate of interest received by the Custodian is more than what is credited to the Customer, the Custodian may retain such balance..

The Custodian does not allow Customer cash accounts to be overdrawn, where overdrawn Accounts occur the Custodian may at its discretion charge an overdraft rate at the appropriate Central Bank official interest rate.

In the event of a charge being incurred by the Custodian for holding a cash balance (a negative interest rate) in its client bank accounts, the Custodian reserves the right to pass such charges to the Customer.

The Custodian may hold Customer Money with a third party deposit taker in an unbreakable time deposit account up to the maximum allowed by the FCA Rules. Each Customer's cash may be placed on a mix of terms – between instant access and unbreakable term deposit up to 90 days (or the maximum). The mix of terms will be balanced by the Custodian to deliver an appropriate combination of interest, diversification of risk and timely access to cash at the individual Customer level. In the event that the Custodian places too much money on a time deposit it may take longer to return some cash to Customers.

In the event of an insolvency of a third party deposit taker, any shortfall in Customer Money will be pooled with other client money of the deposit taker and then distributed proportionately. Any subsequent shortfall may be covered by the Financial Services Compensation Scheme for bank deposits up to a value of £85,000 (or such other value covered from time to time by the FSCS), depending on the individual circumstances for each Customer. (See FSCS contact information in this Section 7).

The Custodian will hold qualifying money market funds the Customer or Fusion Wealth elects to purchase as safe custody assets and not as Customer Money. As a result, the qualifying money market funds will not be held in accordance with the client money rules but instead in accordance with the custody rules as set out by the FCA.

The Custodian may allow another person such as an exchange, a clearing house or an intermediate broker, to hold or control Customer Money, but only where this is required for the purpose of a transaction for the Customer through or with that person or to meet an obligation of the Customer to provide collateral for

a transaction. In the event of a shortfall following any default of such person, the Customer may not receive their full entitlement and may share in that shortfall pro rata. Fusion Wealth will inform the Customer and provide further details if this is to occur.

The Custodian may arrange for Customer Money to be held in a bank outside the United Kingdom. Where it does so, the rights of the Customer in relation to that money will differ from those applicable under the United Kingdom regulatory regime.

Where the Customer has instructed the Custodian to pay charges to Fusion Wealth on the Customer's behalf, the Custodian may use Client Money for this purpose.

To the extent that an amount is due from the Customer to the Custodian or a third party provider under paragraph titled Holding and Registration of Investments in connection with this Section 7, the Custodian may use Customer Money or Customer Assets to pay that amount.

In the event that the Custodian determines that there is a legal and/or regulatory requirement for it to rebate to a Customer any commission received, then the rebate will become due and payable to the Customer at such time as is determined by the Custodian in accordance with its internal procedures.

Where the Custodian transfers any part of the custody services it provides to a Customer to another appropriately authorised institution chosen by the Custodian, the Customer authorises the Custodian to transfer any Customer Money held for that Customer to that appropriately authorised institution provided the transferee agrees to hold the Customer Money in accordance with the FCA Rules.

The Custodian may cease to treat any unclaimed balance allocated to an individual Customer as Customer Money in accordance with the requirements as set out in the FCA Rules. The Custodian may pay away to a registered charity of its choice a Customer Money balance which is allocated to a Customer and if it does so the released balance will cease to be Customer Money provided the Custodian has held the balance concerned for at least six years following the last movement on the Customer's account (disregarding any payment or receipt of interest, charges or similar items); and the Custodian has taken reasonable steps to trace the Customer concerned to return the balance. Any such action taken by the Custodian does not stop the Customer from making a claim in the future in accordance with the FCA Rules.

Contractual Settlement: The Custodian may make available a provisional credit of settlement, maturity or redemption cash proceeds, or income and dividends on a contractual settlement basis or predetermined income basis, as the case may be ("Contractual Settlement"), in markets and for Securities deemed appropriate for that practice by the Custodian and agreed with the Customer.

8. Your relationship with SEI- FAQs

8.1. General Information

What is SEI's relationship with the Custody Agent, ARIA IP and you?

The Custody Agent has entered into an agreement with SEI whereby the Custody Agent has arranged for SEI to provide safe custody, administration and other associated services for clients who use ARIA IP. The Custody Agent entered the agreement as your agent and so there is a direct relationship between you and SEI which is governed by the enclosed Custody Terms. Upon entering into the ARIA IP Client Agreement, by signing the ARIA IP Declaration, you are legally bound by the Custody Terms and become a client of SEI in relation to the services provided under those Terms. SEI will be responsible for complying with the regulatory requirements relating to the Custody Terms and will treat you as a retail client giving you the highest level of regulatory protection available. The Custody Agent will retain regulatory responsibility for all other aspects of the services provided to you including the provision of Portfolio Management and the execution of any trades carried out on your behalf.

How is SEI regulated.

SEI is authorised and regulated by the Financial Conduct Authority ("FCA"). SEI's Firm Reference Number is 191713. You can find more detailed information on SEI's regulatory status on the FCA Register which is accessible at www.fca.org.uk/register. The FCA is located at 12 Endeavor Square, London E20 1JN. Further contact details for the FCA can be found at www.fca.org.uk.

Will SEI communicate with you directly?

Unless SEI is obligated to do otherwise by the FCA, all of SEI's communications with you will be through Fusion Wealth. All communications will be in English.

Will you receive Statements from SEI?

As your Custodian SEI is obligated to provide you with a periodic Custody Statement of the investments and money that SEI holds for you. SEI will provide this at least once a quarter either as part of the Valuation Statement provided by the Custody Agent or as a standalone Custody Statement.

If you have opted to receive your Valuation Statements in electronic format, SEI will facilitate the provision of an electronic Valuation Statement via the Custody Agent who will be able to provide more detail on how this will be made available to you upon request. In these circumstances, SEI will not provide you with an additional paper copy.

What fees does SEI charge for the services that it provides to you?

The services provided to you by SEI are part of a broader suite of services provided to the Custody Agent and SEI receives a bundled fee from the Custody Agent directly in relation to these services.

The Custody Agent charges you a fee which incorporates the services provided by SEI. Please note that SEI may retain some of the interest earned in Customer Money Bank Accounts and may charge you for overdrafts on your Account(s) should they occur. See section 7 above for further details on when this may occur.

8.2. Customer Money

What are customer money bank accounts and how do they operate?

Money held by SEI on your behalf is treated as client money in accordance with the FCA rules. These rules require SEI to hold your money in "client money" Bank accounts which are established with statutory trust status. This means that money held within the accounts is recognised by the Bank as belonging to clients of SEI rather than SEI itself. In this way SEI holds your money as a trustee.

SEI further segregates all Customer Money Bank Accounts from any bank accounts holding money belonging to SEI by arranging for the Customer Money Bank Accounts to be named in a manner which makes it clear that the money held within the accounts is for the benefit of Customers and not SEI.

How does SEI choose where it holds your money?

You will deposit money into SEI's UK Customer Money Bank Accounts. This may be subsequently deposited into Customer Money Bank Accounts at a range of other banks chosen by SEI. The spreading of Customer Money across a number of banks is designed to help reduce the risk of Customer Money being lost in the event of any one Bank failing.

SEI may deposit your money in a Bank outside of the UK, in Europe or the United States, where deemed prudent to do so.

In such circumstances, it is important to note that such Banks will be subject to a different legal and regulatory regime from that of UK banks and the rights and protections afforded to you under the FCA rules will not be available to you. For example, the Customer Bank Accounts may not be established with trust status and your money may be treated differently in the event of a bank failure than it would be if it was held with a UK bank. SEI is responsible for exercising reasonable care and due diligence in the initial selection and on-going monitoring of all banks where Customer Money is deposited with the security of Customer Money being SEI's primary consideration. However, SEI will not be responsible for any acts, omissions or failure of the Banks.

SEI may place a portion of Customer Money in the Customer Money pool into unbreakable time deposits at a third party deposit taker, in line with the FCA's client money rules.

Customer Money may be placed in a mix of terms – between instant access and unbreakable term deposits up to the maximum allowed by the FCA rules. The mix of terms will be balanced by SEI to deliver an appropriate combination of interest, diversification of risk and timely access to cash at the individual customer level. In the unlikely event that SEI places too much money on a time deposit it may take longer to return some cash.

A list of the Banks that SEI uses to hold Customer Money is available on request.

What protections are in place for the client money bank accounts in the event of the failure of a UK bank?

If any of the UK Banks chosen by SEI fail and cannot return your money, you may be eligible to claim compensation under the Financial Services Compensation Scheme ("FSCS") depending on your individual circumstances. The current compensation limit is £85,000 per eligible claimant, per bank and the limit covers all money held with the bank through SEI or directly. Full details of the arrangements under the FSCS are available on their website at www.fscs.org.uk.

It is important to note that if one of the Banks fails, your money will be pooled with money held in Customer Bank Accounts for other SEI Customers and you will have a claim against the common pool of money rather than a claim against a specific sum in a specific account. As a result, any shortfall in the Customer Money Bank Accounts will be shared pro-rata between all SEI Customers (whose money is held by SEI).

Does SEI have any rights in relation to your money?

In the event that you owe a debt to SEI in relation to services SEI has provided under the Custody Terms, SEI may use any of the money held for you to pay off or reduce that debt.

Can SEI pay fees that you owe to Fusion Wealth or ARIA IP from a customer money bank account?

Under the Custody Terms, you have permitted SEI to collect and pay fees that you owe to the Custody Agent from money held for you in a Customer Money Bank Account.

What happens to unclaimed Customer Money?

Where SEI has held your Customer Money for 6 years, following the last movement on your Account (not including any applicable interest payment, fee collection or similar) and Fusion Wealth or SEI has been unable to trace and contact you, to pay you this money, over that time, SEI is able to treat this balance as unclaimed Customer Money. This means SEI will cease treating the amount as Customer Money and is able to pay the balance away to a registered charity of SEI's choice.

In accordance with FCA Rules, SEI will retain a record of this action, which does not stop you from claiming this balance from SEI even after it has been paid away.

What is Contractual Settlement?

Contractual Settlement is a tool that facilitates cash and liquidity management for the investor. SEI will move cash into your Account and move the securities out of your Account on the day you are meant to settle your transactions, regardless of what may have actually happened with the broker or fund manager. We will do the opposite for purchases.

This process insulates you from the securities settlement process and simplifies the money movement processes. In rare cases, these postings may need to be reversed because of an unusual market event. If that did occur your Adviser will be notified by Fusion Wealth.

8.3. Custody

Where are your assets held?

SEI is responsible for the holding the Assets within your ARIA IP account in safe custody. Your Assets are held in the name of SEI Global Nominee Ltd on behalf of you as a user of the ARIA IP platform and having appointed the Custody Agent as your Agent.

Who is SEI Global Nominee Ltd? What role do they play?

SEI Global Nominee Ltd is used to assist in ensuring all Customer Assets are segregated from the assets of SEI. SEI Global Nominee Ltd is a Nominee Company which is used by SEI as it has no material liabilities and is a separate entity from SEI. Therefore your assets would not be available to an administrator or liquidator of SEI, or its parent company, SEI Investments Company, in the event that bankruptcy proceedings against SEI should ever occur.

Are there any other Custodians holding your assets?

SEI may use a number of third party custodians (also known as sub-custodians) to administer and hold some of your Assets.

SEI will be responsible for exercising reasonable care and due diligence in the initial selection and on-going monitoring of

the sub-custodians but will not be responsible for any acts, omissions or failure of the sub-custodians.

In certain circumstances, SEI may select a sub-custodian outside of the UK where deemed prudent to do so. In such circumstances, it is important to note that such sub-custodians will be subject to a different legal and regulatory regime from that of the UK and the rights and protections afforded to you under the FCA rules may not be available to you. For example, there may be different practices for the separate identification of your assets which may result in them being subject to third party claims in the event of the failure of the sub-custodian.

How does SEI protect your assets?

All custody accounts are operated in accordance with the applicable FCA rules. Under these rules, SEI is required, amongst other things, to make adequate arrangements to safeguard your ownership rights and to prevent the use of your Assets for SEI's own account. SEI has put procedures in place designed to meet the following obligations:

- records and accounts are kept as necessary to enable SEI to distinguish Assets held for one Customer from the Assets held for any other Customer and from SEI's own assets; and
- reconciliations are made to SEI's own internal accounts and records and those of any sub-custodians with whom your Assets are held.

All Customer Assets will be held in omnibus accounts by SEI Global Nominee Ltd. This means that SEI Global Nominee Ltd will pool your Assets with the Assets of other Customers and therefore your individual entitlements may not be identifiable by separate certificates or physical documents of title. In the event of a shortfall in the accounts following a default of SEI Global Nominee Ltd or a sub-custodian, you may not receive your full entitlement and may share any losses pro-rata with other Customers.

What happens to unclaimed custody assets?

Under FCA Rules, where SEI has custodied an asset for you for over 12 years, and in that time you have not sent any instruction to Fusion Wealth or SEI with respect to that asset and Fusion Wealth or SEI has been unable to trace and contact you about the holding, SEI is able to liquidate the holding and pay the proceeds away to a registered charity of SEI's choice, or gift the holding to a registered charity of SEI's choice.

In accordance with FCA Rules, SEI will retain a record of this action, which does not stop you from claiming a sum equal to the value of the holding at the time it was paid away/gifted.

What compensation is available to you in the event of the failure of SEI in its role as Custodian?

In the event that SEI is unable to meet any of its liabilities, compensation may be available to you under the Financial Services Compensation Scheme ("FSCS"). The current compensation limit in relation to investment business is £50,000 per eligible claimant. Full details of the arrangements under the FSCS are available as outlined above.

8.4. Conflicts Of Interest

How does SEI identify conflicts of interest?

When trying to identify a conflict, SEI takes into account (at a minimum) whether SEI (and/or any Directors, officers, employees or any person directly or indirectly linked to SEI):

- is likely to make a financial gain, or avoid a financial loss, at the expense of the client;
- has an interest in the outcome of a service provided to a

- client or of a transaction carried out on behalf of a client, which is distinct from the client's interest in that outcome;
- has a financial or other incentive to favour the interest of another client or group of clients over the interests of a different client or group of clients;
- carries on the same business as its client(s); or
- receives or will receive from a person other than its client(s), an inducement in relation to a service provided to its the client(s), in the form of monies, goods or services, other than the standard commission or fee for that service.

How does SEI manage conflicts of interest?

SEI is obligated to manage conflicts of interest fairly, both between itself and its clients and between one client or group of clients and another client or group of clients. SEI has both a Conflicts of Interest Policy and other Compliance Policies intended to operate, monitor and maintain effective organisational and administrative arrangements with a view to taking all reasonable steps to prevent conflicts of interest.

What happens if SEI is unable to manage conflicts of interest through usual procedures?

Whilst SEI makes every effort to ensure that all reasonable steps are taken to prevent conflicts of interest, in certain situations, a conflict may arise. If SEI is unable to manage conflicts through its Compliance Policies SEI may disclose the nature and/or source of conflicts of interest with and between its clients or may refuse to enter, or be forced to terminate, a relationship.

Further information regarding SEI's Conflicts of Interest Policy is available upon request.
